Vending machine perfect for managing cutting tools

Flexible design

DC 1700 is a modern version of the traditional drawer based vending machine. The adjustable bin dividers and the flexible software allows you to configure up to 1.792 locations.

Choose up to 14 drawers with a maximum load capacity of 100kg each.

DC 1700 comes with a durable 21" touch screen, a build-in RFID reader, and a bar code and QR code scanner.

Management software

The DC1700 comes with a modern, intuitive and user friendly Management Software.

The software is web-based, which allows you to manage the vending machine and its inventory even when off-site.

- Integrate the vending machine to your ERP-system
- Generate automatic or custom reports and purchase orders
- Monitor inventory levels, spikes in usage etc.
- Manage item numbers, employees, access, restrictions etc.
